

LOIS WITH THE MONTGOMERY NEWS, JANUARY 21, 2024

BRRRRRRR! What a cold Sunday morning. I had 8 above but that north wind needs a coat to warm up. John Gordon came to do our Church Service, his Sermon was entitled "A Second Time." Rev. Bonnie Hovermann is in the hospital at Fannie Allen, where she has had several test. Thanks to Ed and Judy Sorrell for helping out at Bonnie's home with her dogs. It will be some time before Bonnie will be on her own. All Prayers for Bonnie are needed and we Thank You. OUR Adm.Board Meeting was cancelled this Sunday but will try for next Sunday right after the Church service.

1/17/18..I accompanied Maggie to Enosburg as we both needed a few items. On the 18th, I went with Therese Begnoche and Connie McFarland to the Dairy Center for the monthly dinner that Lise Gates puts on. As usual there was a large crowd that came, and the one man band was great. I got to say Hi to many familiar faces. My niece Mellisa Tice came as my guest and we had an enjoyable hour. While enjoying our dinner we got to talking about when we were growing up, we had to eat what we took on our plates, that seemed to be the rule of most families back 65 years ago or around that time. Connie McFarland was seated by me and she said when her daughter Nancy was young 3 or 4 she took a donut and later couldn't eat it all, she knew her Father would insist, but after awhile she took the donut and put it in her book she had near by. Her Dad was told by one of the other children where the donut was, Connie said I think he just let it go, but to this day Nancy does not care for donuts.

I also cannot eat only one cracker at a time eating soup, as I crushed many crackers in my soup as a young child and it became so thick,I could not eat it, finally after 3 hours sitting there, my Dad gave it to the dog. Never again did I do that. I want to hear from others, its rather funny when we look back,Right? Linda Van Gieson said she ate so much pineapple pie as a child and got very sick and to this day she cannot eat pineapple.

Happy Birthday to: Suzanne Bedard, Whitney Nelson, Todd Elkins, Lynn Locher 1/28; John Kuryloski 1/30: Jim Cota, Tim Townsend, Sophia McAllister 1/31. Sue Stryker 2/1; Rohan Hardy 2/2; Emily Smith 2/3.

ANNIVERSARY WISHES TO BOBBY & ALINE BAKER 2/2.

****ALL ABOUT WALKING: Every where is.. with in walking distance if you have the time. (Quoted). ** Sometimes I dream I'm walking, which is nice, i get my exercise and rest at the same time.(quoted). **Short walks can be very romantic, especially if they are taken up the center aisle of a church. (Quoted) This is all for this time, enjoy and hopefully we can believe the weatherman when he says it's going to be warming up again this week. This frigid temp can leave anytime, it is much to cold to enjoy.. Signing off with M.L.T.A.
