

LOIS WITH THE MONTGOMERY NEWS, 10/15/2023

10/15..It's Sunday and Merle is coming today to do the Church Service, and I won't be there. My daughter Veronica has planned to go out for breakfast with her daughter Samantha Royer as her son Shane is up from R.I. Where he attends college, for the weekend and he recently turned 21 on 10/2. She extended the invite to me and Penny. We all met at 9:30 in Hyde Park at the restaurant "The Two Sons." We all had a wonderful breakfast and visit and then we all went to Veronica's home and hung out for a little while, before heading back home.

10/10.. THE 500 CARD CLUB met at the lovely home of Debbi Chauvin, getting there to start playing at noon time. Debbi had prepared snacks for everyone to enjoy during the afternoon at their convenience. It takes a few minutes to settle in and catch up on each others news. The ending totals were high went to Denise Baker, second high was Connie McFarland, low was Sue Wilson and Sue Peters had most horses. The sub was Stacey Gregoire playing for Anita Woodward. Anita will host the November Play.

The Wild Animal stories that have come to me this week are, on Tuesday morning my daughter Penny drives the school bus and in Berkshire where the corn has been newly cut there was a black bear running in the field, and She and the Children got to see it. Also on Thursday morning while still quite dark out she heard something in the leaves, thought it was our cat Hunter, and it came quite close to her before she noticed it was not Hunter but a skunk, she kept quiet and it just went down the driveway and on its way down street. 10/13, The third story was She viewing several flock of geese going South, they were very high up and they were honking so you could hear them. Barbara Burns was out for her morning walk when she saw a huge bird coming in to land some wherein the newly cut corn field and once it had landed it was an eagle, she was able to get a picture of it, which she shared with her Friend Veronica and Veronica shared with me. We have been keeping an eye out for turkeys now that the corn has been cut and on our way over to Hyde Park today there were several turkeys in the field in Montgomery Center. There are some out there that's for sure. It's been so long not seeing any most the summer.

10/12..Today was remembering my sister Maureen's Birthday but she just was not here to enjoy her special day with us, she passed away in April. Her Husband Ed Patterson drove from Tennessee to come up to go to her grave in Duxbury, VT, So my sister-in-law Roberta Martin, and Niece Melissa Tice and Ed came and had lunch and we had a nice visit after. 10/13..I enjoyed a few hours with my daughters Veronica and Penny, we went to St. Albans and did a little shopping and then feasted at the Lucky Buffet before returning home. It was great!!!

10/14.. I viewed the Ring of fire solar eclipse on TV this morning, I think it was too cloudy here in Vt. But I did not have the proper glasses to watch anyhow. There is already lots of excitement about the total eclipse that will happen next April. The hotels

are already filling up for that event. It should be well viewed here in Vermont, unless we have a cloudy day.

Happy Birthday to. Marijke Dollois 10/23; John Cluba 10/24; John Harrocks 10/26; Colby Marshall 10/27.

Anniversary Wishes to John & Marge Harrocks 10/26.

**What do you call a tree that doubts Autumn? Disbeleaf. What is a tree's least favorite month? Sep-timber. That's all for this week, enjoy and have a good week. M.L.T.A. God Bless everyone!!!!
