

LOIS WITH THE MONTGOMERY NEWS, OCTOBER 31, 2021

Now really folks does it seem possible that this month has come and gone. Time flies, I told a few people that Wednesday night 10/27 when I went to bed, I was 79, got up the next morning and people were wishing me a Happy Birthday as I was now 80. Now those hours flew by. Now the truth is, I had the best Birthday ever, receiving over 100 beautiful cards with such special messages that were picked out just for me and with such caring and loving messages, that can only be a treasured GIFT from each one of you. Yes, I did have a few cards from people that did not know me, only by reading the Montgomery News and letting me know how much they enjoyed it each week..very touching and that makes me happy that it means so much to others. Thank You, Thank You, Thank you to everyone, and especially Our Daughter Veronica DSP who planned this for me and it was just awesome from beginning to when ever it ends as I am still getting cards and messages. Cannot forget the kindness from the County Courier for their Special help to Veronica. THANK YOU!!!

I was given some news from Beth Crane-Daybell; Anita Baldwin and Beth have been friends for years and she and a friend were coming from California to go to Maine to visit family. Being so close by Anita came by to visit Beth and her family. They had many memories of their friendship to laugh often, being a very enjoyable time. Recent guests at Beths' home were her brother's John and his wife Marion from S.C.; Andy and Diane from Sheldon; sister's Sue and hubby Ron Adams from Mass; Debby Modde from Illinois and her family members. It was quite a full house but so much fun..nothing like Family.

The Quilting Circle met at the home of Sue Peters 10/28 and enjoyed their lunch and caught up on all the news. Sewing Sunshine Quilts was the project of the day. It was such a beautiful sunny afternoon and hard to stay in with a sewing machine, but they accomplished a great deal. They will meet the week before Thanksgiving and have a luncheon in December. Time to think about a New Year coming our way. Thanks Sue.

A teacher asked her class, "if there were 11 sheep out in the field and 6 jumped the fence, how many would be left?" NONE a boy spoke up. Of course there would be the teacher said. No Ma'am there wouldn't. You may know math but you do not know sheep. Everybody knows 40 is the new 30. But the police officer who gave me a speeding ticket couldn't be convinced.** This is all for now folks..until next time this will have to do. M.L.T.A.
