We have had several people from out of state this week visiting and taking pictures of the Fall foliage, which has changed fast, the leaves that are falling are all dried up and walking through them sounds like I was walking on corn flakes. Saturday when coming home from the post office there was a car pulled over near the sidewalk, there was a lady sitting in the car and she said Good Morning to me and what a beautiful place it was here, her husband was out taking a picture of the bridge. They were from California, been to Montreal and were going to CT. And back to N.Y. To fly back home this week.

Klaus Voos was back in town from Germany, to prepare a box to send more of his personal belongings to his new apartment in Germany. He is staying a few days with John and Sharon Youland while here.
