LOIS WITH THE MONTGOMERY NEWS, N0V. 22. 2026

Monday's are usually about the same a round here, washing and drying. Then I answer my emails and had a Church meeting to type up. Got that done and went out to enjoy the sunshine a little bit.

Tuesday, I had a call from Lois B. She was picking Connie up and was going to Enosburg to get bird food at Ace, We found every thing her birds liked. From there we went to Hannafords to get our list of things needed. 11/ 18, Sue Peters picked me up to come with her and Elsie and Carol to the Bowling Alley in Lowell. Today the other team to play with the Turkey's was the Baileys. We had a good time as usual.

11/19..Lois B. Had made plans to go to St. Albans on this day, weather permitting and it was, so we did shopping at Walmarts..Lois B. Took a cart to ride around in the store, and several others had the same idea, the ride around's were busy, several senior citizens out today. On our way down the farmer's field near the Abby Restaurant, was white with the birds from the city,seagulls I think they were. We got done our shopping at Walmarts our next destination on our agenda was to eat at the Lucky Buffet, we drove in and immediately our Friends Maggie Elkins and her sister Susie Ewins were there to have lunch and celebrate Susies Birthday. Lois, Connie and I were seated by the waitress, and we were all going to have the Buffet. As Lois and I went for our food, a very nice man was going also, Lois mentioned he could go ahead of her as she was slow, He said he was not in any hurry, for her to go ahead and he would help if he could, would take good care of her. WE all got our food and enjoyed every bite, and it was time to check out..The Lovely waitress came over to us and said, "Ladies Your Meals Have been Paid For...we were so surprised and thought it must have been that gentleman, If it was we were very Appreciative and Thankful.. Later Lois and Connie wanted to finish their shopping at Price Chopper. And once again Maggie and Susie were there doing the same. It was very nice to see them out shopping together, as they do so many things together, help each other where they can.. What a Blessing!!! My Nieces they live in close to each other and they share so much Family Love,,also a Blessing!!

11/20..Friday...Sue Peter's was planing on going to Costcos and asked me to accompany her, But I had told Penny I would give her a hand and watch Skylar for her here, while she drove her school bus taking the kids to school. She said she would be back home around 8:15 or so, and she was. She was upset, upon her return, when she applied hitting the brakes to avoid hitting a deer..it was a big doe that came unexpectedly in front of her, and there was another car avoided hitting the deer also. The drivers met up later and they both agreed that was a scary ordeal. Penny was taking time off from work to care for Skylar as she has not been feeling well, Sue called and said she was not going to Costco's just to St. Albans, would I come...I said I would but plan on being home by two so I could help with Skylar while Penny went to bring the kids home from school. Now, as we went down past the Hartmans roadside stand there is a small field there and several veggies got plowed under..the field was full of blackbirds feeding, when we went down and when we came back by. Maybe they were getting their fill before heading South.
