

LOIS WITH THE MONTGOMERY NEWS, FEBRUARY 13, and 20, 2022

What a beautiful sunny afternoon I should go out for a walk but Sonny said that wind is still blowing and it is cold. But first of all I needed a short nap today as I did not sleep well last night, I am one of those people that need her ZZZZZZ's. Now I am ready to finish up this column. 2/13.. Vivian Deuso Elbe filled in at the pulpit this morning at our Church Service, and she did an excellent message for all of us in attendance. Thank You so much Viv!! That makes twice she has filled in.

Patricia and Charlie Carpenter proudly announce the birth of their new Great Grandson Maxton Michael Freeman, arriving on January 18, 2022 to proud new parents Nikky Lande and Cody Freeman of New Hampshire, maternal Grandparents Cathie and Steve Paradee. Congratulations and Best Of Wishes to All!!

Lorraine St.Onge has returned home after spending a couple of weeks in Florida and having a wonderful time. She celebrated her Birthday with all her children down there, Steve, Donna, Artie and Randy. She said she went to the Beach, ate out, and did all sorts of things. Lorraine I am so glad that you felt good enough to make that trip because it truly was a big part of your life going to Florida for some time away from this COLD and SNOW.

2/7.. The 500 Card Club came together at St. Isidore's Parish Hall at noon time. Brent Godin was called to come and play as someone was missing but soon arrived once we started playing. Brent is a good sport and said he was willing to come, as there would be some good food to eat..AND there was, that is for sure the counter was full of goodies. One of the ladies said to Brent he could stay and be our server. He stayed for awhile and did do some serving.. Thanks Brent for quickly filling in. The afternoon had four subs, Anita Woodward, Shirley Duso, Susan Paradis, Lois Lumbrá. The high score went to Theresa Begnoche, second high to Anita Woodward, most horses to Shirley Duso, and Low score to me.. It seemed to be one of those days the cards were well shuffled up and no one got good hands. Anyhow, everyone had plenty of goodies and all went home with happy smiles on their faces.

2/11.. We had a lovely visitor, our daughter Veronica, came and enjoyed dinner with us.. She had business to attend to in town and decided to come early and have a visit with us.. Very nice indeed. We shared a quick valentine's treat, to sweeten us up before she had to leave.

Happy Birthday to: Railynn M. Wells 2/20; Eloise Starr 2/21; Kalisha Brooks, Jake Webster, Barbara Burns 2/22; Morgan Daybell, Bernie Cousino, Dale Delisle, Gracie Lanphear 2/24; Alexis Fletcher 2/26.

Anniversary wishes to Richard and Prudy Ryea 2/20.

**A family moves into a new home and their Grandmother comes to visit them. Her youngest grandson at the age of 5 greets her and welcomes her to come in. She asks him, How do you like your new home? He said its terrific, I have my own room, my brother has his own room, my sister has her own room, But poor Mom is still sleeping with Dad. **

Now as I bring this to an end, I hope you all continue to have a wonderful week and that you are staying safe and well. M.L.T.A.

THE MONTGOMERY NEWS FOR FEBRUARY 20TH, 2022

Apologies to All OUR READERS..That missed last weeks column, due to sickness and other problems it did not get published.. So here it is. There were serious problems at the Courier that happened beyond their control and they are moving to a new place there in the same building just a different section. Please, we will all do our parts and be patient, and offer our services to them. Thank You!!

Another zero degree Sunday morning, BUT we all got out and went to Church and Merle Van Gieson filled in for us today with a wonderful message that he provides, and hymns and makes our bulletins. Thanks Merle, then following the worship service, Merle led the 2021 Annual Reports Meeting, most of us stayed after the church service and went through the reports page by page. Thanks to Merle for making copies of all the reports and to Linda Carpenter for making our front and back covers for the Booklets.. So appreciated!

2/20..This is for this week which has been rather a quiet week for things going on. Lois Babbitt had been holding on a Christmas Gift for her friend Sally Barrow of Morrisville and she kept an eye on the weather for Wednesday 2/16 and planned to go that day as it was warming up. Lois called on Connie McFarland to accompany her and so they went on their way. They had a wonderful day and did not let that wind interrupt their day. They had a wonderful visit with Sally, enjoyed a meal at the Charlmont restaurant, did some shopping at Price Chopper and at the Dollar Store, before heading home. They always have a good time.

I want to mention the deaths of people that lived here in Montgomery for several years before moving on in their senior years. Extending Our Sympathy to the Families of Beverly Sylvester, Everett Poirier and Maggie Sherman. (Wishing all of Your Families peace and strength) God Bless!!

** An elderly man goes to the Doctor for his yearly check up. The attending nurse takes him in a room and starts asking him questions, how much do you weigh, about 165, but weighed 187, how tall are you? About 6 feet, but his actual height was 5 ft 8. She then takes his blood pressure and tell him its incredibly high. HIGH, he shouts out, She said well what do you expect? He said, Well when I came in here I was tall and lanky and Now as I leave I am short and fat.**
