

**LOIS WITH THE MONTGOMERY NEWS, FEBRUARY 25, 2024**

**IT's Sunday I have been to Church, and now back home. Penny has gone for a walk with her son David and his beloved dog Bella. They enjoy playing with her in the open fields up beyond the Post Office. They cut their play time shorter than usual as it's so cold especially that N wind. John Gorton came and did our Service today his Sermon was entitled "THE PROMISE." Then Lyndon and Lila Elkins will be celebrating their 59th Anniversary this week, we all sang Happy Anniversary to them. Cordy von Conta will celebrate her Birthday on the 29th, so we sang HAPPY BIRTHDAY to her, therefore I am letting her know in this News Column. We hope you have a wonderful Day filled with lots of Love from all your Family and Friends, HAPPY BIRTHDAY CORDY!!!**

**2/23..Veronica de Saint Phalle and her Friend Barbara Burns had made plans to come together at Bernie's Restaurant on this day to celebrate the Birthday of Barbara. They had a wonderful luncheon before parting ways. I enjoyed a visit from Veronica before she had to go for lunch, she was showing me how to play cribbage. I had beginners luck, and was the winner. It takes some getting used to, but I liked it. Veronica emailed me rules of the game, hopefully Penny and Merle will play later.**

**2/24.. Our lazy Saturday afternoon turned into a wonderful afternoon sharing memories with my Nephew Steve Courville and his friend Sue Allen. Penny & I were just being lazy bumming around. Anyhow we were well accepted, they came in and we just opened up to so many Memories of our years of togetherness at the Courville's camp down on the Lake. Steve and his brother Marc lost their Father Raymond last January 23,2023, and this year they lost their Mother Betty Lumbra Courville on February 17.**

**Gila Domina had a visitor this week, David McCormack from Maine was here and had recently purchased her car. They have been friends for years.**

**It's time to say goodbye to February and welcome March 2024.  
Our time changes , Spring ahead, Fall back, to have daylight one hour more.  
So this week we have one day more, its leap year. Did you know?  
It's been a weird year with a lot less snow.  
It has been a year for sap to flow almost every month or so.  
Just keeping the sugar makers wondering which way to go.  
The schools are on a few days vacation right now,  
Soon will be mud season and no need for a snow plow.  
It's time throughout the state for Town Meeting Day,**

Gives the Community a voice, Why, How or What to say.  
There will be March madness, Basketball games to play.  
Up setting the soap opera's viewing every day.  
Whatever it is, March will soon leave us all, and April will arrive.  
It will bring Spring flowers and green leaves out on our trees.  
Lots of allergies for some to make you wheeze and sneeze.  
Every year we do the same things over and over, it seems.  
Plant our gardens, mow the grass, walk out in our comfortable jeans.  
I'm lost for words right here, so will close with M.L.T.A. have a wonderful YEAR!! LL  
2024

**\*\*WHAT DO YOU SAY ON THE LAST OF THE SECOND MONTH? February is ending today, but that's ok, we'll March on. \*\* What kind of a bow can't be tied in March? A Rainbow. \*\* Sometimes February feels like it will last forever. But time marches on.\*\*. (SURE DOES).**
