

LOIS WITH THE MONTGOMERY NEWS, APRIL 10, 2022

What a surprise coming out of Church today, a snow storm came in during our service. Sonny said at one time it was like a miniblizzard here in the village. It will melt fast as its suppose to warm up as the day goes on. We were blessed to have John Gorton come and fill the pulpit for us, he brings lots of joy, humor and a great message that is very uplifting and enjoyable. Thanks John!!!

4/6..The St.Onge Construction crew were in town, early Wed. morning, putting up their Signs to let people know that they will be working on Route 118, two cement bridges need repairs. These signs are to inform the public that construction is going on and its very important to slow down long before you get to the site of the construction. There are often accidents when people do not slow down and let's not let that happen, obey the signs and keep everyone safe.

4/6.. We were sitting out of the front porch visiting with Penny and this nice rental car was driving around came by and went up street, came back down and went around the park and came back by to our frontage. The lady rolled her window down and was wondering where there were other covered bridges. They were following a map but even though we told them how to find Comstock Bridge they went down by and I hope they found the ones on route 118 as they were leaving town, they were from Europe, and thought our little town was beautiful, I enjoyed visiting with her for a few minutes, Veronica has taken pictures of all the Covered Bridges and making post cards, I only wish I had some on hand for these folks. The little Craft Shop has them but they were not open and the people were leaving that evening.

4/8.. I was watching the evening news on Channel 3 and during the Sports, it was announced that Elle Purrier St.Pierre was going to be running this Friday night 4/15, at the brand new, "Track at New Balance" is at the Boston Landing Track and Field Complex. Her Mom told me she didn't think it was going to be televised. Let's all keep her in our thoughts and prayers and wish her the best as she sure has worked hard for many years.

Coming Event..The Montgomery Center for the Arts will be having their Opening Reception Earth Day on April 22 starting at 6 – 8 p.m. Gallery Hours: April 23 & 24 12 – 4 p.m.; April 30 & May 1, 12- 4 p.m..
