

LOIS WITH THE MONTGOMERY NEWS, APRIL 28, 2024

4/23, A nice beginning for a Tuesday morning , a visit from Veronica, she and Penny had made contact to get together and see what she could find for a keep-sake item that belonged to her Dad. There were plenty of things and she took what she wanted. Then stayed for lunch and we three had a wonderful visit.

4/24.What in the world, Yes, it's true Wednesday afternoon we had a 20 minute SNOW Squall. It did not last long as the ground was warm enough and melted it right away. This morning 4/28 we had a thundershower move in on us, and the lightning was so bright and a constant flashing, NO, I did not care for the closeness of it, and the new kittens were terrified, it was their first shower. Thanks to our brave, Penny. Sonny never had any fear, but my Mom did not like T.showers and she would hide me in a closet and I have never liked T.showers.

4/25.The quilting Circle met at the home of Sue Peters, where everyone comes to meet at noon time, we each bring our lunch and enjoy sitting around the table eating and chatting. At one o'clock it's time to go down to Sue's big work area where she is all prepared to go to work. But first of all they have Show-N-Tell, in which each person brings her new creation of all their newly stitched up fabric, it might be tote bags, quilts, doll clothes, pillow cases, no matter what, you can believe everything is beautiful. A big bag of fabric squares was brought in and an idea was to use these squares to make parts of a tote bag, but the squares were to big and had to be down sized, SOOO that became the new project for the afternoon, the squares got smaller and then stitched together and sent to me to be pressed. It's so amazing how fast these little squares become matched and become so beautiful.

4/28..Now it's Sunday and that thunder storm was an alarm clock to many this morning, no late sleeping with that much noise. Merle Van Gieson planned and came to officiate our Service, his message was entitled "Abide In Jesus." Linda V.G. shared pictures of the bear that has been coming to find something to eat, bird feeders have been taken down but for some reason they do not forget, they keep testing. Penny has been keeping a quiet eye on a pair of geese that lost their nest/eggs to the recent high water that washed their little family/home away..So Sad.

Today on my way home from Church, Sheila Marsha stopped by to tell me her Aunt Shirley Demerit has passed away. She was a daughter of Charles and Bernice Deuso of town. Sincere Sympathy to the Family and Friends. God Bless them all!!

Happy Birthday to: Waylon Marshall 5/5. Kristen Fletcher, Megan Stanley 5/6; Anna Beth McGovern 5/10; Laurel Tryhorne, Mary Ann Lyons 5/11.

****How do you plant a kiss in April? Your two-lips. **What do you get when you cross a cow dog and a tulip? Collie Flower.**. What do you call a sunny day that follows two rainy days? Monday !!!** Back to School 4/29 after a week of a Spring break. Hope everyone had a nice vacation the ones that chose to go away, just hope you are all back safe and sound. For the ones that didn't hope you had a great week to enjoy also doing just what you like. Keep well folks! W. L.T.A.**
