

LOIS WITH THE MONTGOMERY NEWS, APRIL 6, 2025.

IS

HERE we are in the new month, of April and so far it has been going well, the weather has been a little milder, just not the wind..it remains COLD.

Anyhow, we are taking what comes our way, with some mumbling and grumbling..The ice seemed to deminish and that is great. There is a lot of cleaning up on our lawns, but the is what Spring Clean up is all

About. Veronica came over Friday and remarked that Belvidere Pond is still iced over. When coming back from Bowling Wednesday, there was a person out walking on the pond.

4/6..It's Sunday, and a mild startC to the day.. Just know it did not last long that wind has been bruttle. Merle Van Gieson prepared and officiated the Church Service entitled his Sermon "Believe In Jesus." And Communion was held, our organist was back with us and as he walked in he received a standing ovation from the congregation. It seemed so wonderful to hear the organ playing again from our Amazing, Patrick Evans..

Thanks So Very Much.

WEDNESDAY, that is a fun day, going Bowling. There were a few absent on different teams, but there were 6 at our team. I was interested in the names of the teams, so I wrote them down, The Baileys, Cork Pins, Road Runners, Turkeys, Eagle Views, The Exterminators, Try Hards, Hot Balls, and the Crusaders. Patti Perl picked up the five from the Center this week. NO snow storm until much later, we were all home safely.

Friday was a wonderful day, made a date with Veronica, she has had a busy schedule and then with the weather, it was not always possible to get to see each other, but thankfully we do email daily. Veronica had also made a date with her friend Barbara Burns to go out for lunch at Bernie's, they had a delicious lunch and visit. Veronica returned to meet up with her sister Penny, before heading back to Johnson. It was a wonderful afternoon for all of us. Oh, my friends Doris and Lois stopped by, Doris had made a marmalade cake and wanted to share it with me and my daughters..very good indeed. They also had invited me to come along with them to the Dairy Center Friday's luncheon, but they were very understanding, as Veronica and I needed time together. Plus Veronica put new Easter cards she had recently painted at Crafty Shop there on Main Street in Montgomery Center. Lots of nice gift ideas there at Crafty's Gift Shop.

Saturday, when Penny and I were returning home from shopping, Penny noticed something run across the road up ahead of us, the car up that way stopped and let the deer run by.then another one in all 5 deer crossed the road, and ran up the steep bank, just near the Comstock Bridge Rd. Penny drove up but we did not see anymore of them..they were gone. On our way in also a huge hawk was flying low near the open field where new cow manure was spread. Maybe it spotted something for its next meal.

EVENT: Saturday, April 19..Montgomery Charity Egg Hunt...at the Recreational Center, from 1 - 4 p.m. There will be games, face painting, egg hunt (Please bring your basket); tea-cup raffle, treats and other foods. We are asking for each person to bring a non-perishable food item for the. Local Food Shelf. A BIG SURPRISE..A VISIT FROM THE EASTER BUNNY.. Hope to see you there!!!!

HAPPY BIRTHDAY TO: Mellisa Haberman 4/13; Rachel Patterson, Zoe LaBier 4/14; Emma Roger, Dana Elkins 4/16; Marge Harrocks, David Martinson, Joe Sherman, Alan Kalsmith, David Brown, Mike Abramowitz, Gerald Jewett Jr. 4/18. Darlene Marrier 4/19.

** 1. What's an Easter egg least favorite. day? Fry-day. 2. What do you get when you cross a bunny with an onion? A Bunion. 3.This is a true story, as told to me. A young Family went to visit their parents down South, during the Easter Vacation, They all went to the Church Service being held, The minister was talking to

the congregation about the resurrection of Jesus before inviting the Children down front, where he was going to continue his talk to the children about the resurrection . He got the children all seated down front. Then he asked, "Does anyone know about the resurrection? One small child raised his hand, and said yes, He heard on TV if it lasts more than 4 hours, see your Doctor. Now from what was told to me it was all most impossible, to continue with the Church service. (remember the viagra commercials)....Well this brings my News to an end for this week. Have a nice week ahead,,looking much better after our Monday night snow

shower.  to all.
