

## LOIS WITH THE MONTGOMERY NEWS, MAY 15, 2022

Here are the Green Up Day statistics for this year. There were approximately 80 volunteers, picking up things that were thrown out on the road sides, approx. 30 miles were cleaned, 82 bags disposed, and 1 tire. The strangest item collected was car parts including bumper, 2 batteries and metal pieces. A very Special Thanks to Green Up Day Coordinator Misty McCartney and for the Town Truck Operator Mark Brouillette, gathering up all the bags Monday; and lets not forget the Volunteers as you are certainly great in getting out there and cleaning up the roadsides, Thanks to everyone involved, it all makes a difference, whoever offers their help its greatly appreciated.

5/10.. The 500 Card Club met at the home of Sue Wilson, with Nancy Martinson as hostess for the month. Nancy had brought in cheese, crackers, fresh fruit, candy and cold drinks for the afternoon snacks. There were no subs for this meeting. When the games were over Anita Woodward had high score, Marge Cummings and Linda Van Gieson tied and shared the pot, Sue Cherrier had most horses and Therese Begnoche had low score. Carmen Scott will host the June meeting at her home.

Sandy Bowman has returned home after spending some time in Florida with her Son Joshua and his wife Casey Potvin and their son Declan and now a new arrival has made it into this world. On May 14 Landry P. Potvin arrived to proud parents Joshua and Casey and to little brother Declan. Grandmother Sandy is bursting with pride and she missed the arrival of Landry by just a few days. Congratulations and everyone is doing fine.

5/15. This afternoon I went up to the Art Center where the Montgomery Elementary School Children Art Show, Pre-K, - 8<sup>th</sup> grade had entered their Art that they have worked on throughout the year. Their Art Teachers.. Melissa Haberman and Wayne Thiebaud, has kept the Children doing interesting Art Work. I was impressed with much of the Art but the ones that made my heart throb were the little caterpillars done by the pre-k Children, they were so cute. I understand that all the Art will be on display when they have their Spring Concert at the School on May 25<sup>th</sup> at 6 p.m. One of the funniest was done by Noah Jette and that really stands out a nice laugh. . As I was leaving Katherine Barnard was coming in with her two sons, Dillon and Robbie. I took the time, and they showed me the things they had made. The ceramic cupcakes, doughnuts and little dishes that were made by the Children were all handmade and that is so important; other Art to see is the Graffiti Art, Change Sings, Woven products, Lollipops with fascinating colors, and the 8<sup>th</sup> grade doing pictures of themselves with a mask on..what it must have been for all the Children to wear a mask for so many month. Thanks to the Volunteers that have been at the Art Center welcoming people this weekend and I hope they had a great turnout.
