

LOIS WITH THE MONTGOMERY NEWS, MAY 22, 2022

5/22.. We were awoken this morning around 2 a.m. with a thunder shower and a down pour that was so loud, the rain washed the streets nice and clean. When going to bed, I called Hunter (our cat) in for the night as the robins were going nuts as their babies were trying to fly; and the tree toads were out doing their mating calls, just love the sounds of all the wild life, and it won't be long and the crickets will be chirping. Today our Church Service was done by John Gorton from Sheldon, I invite you to come and be blessed with the Services that have been provided by our Lay Servants in the absence of our Pastor, Merle Van Gieson and John are doing a wonderful Service. This has been mostly a muggy day with some breeze squeezing in now and then. Sonny said it is beginning to get dark in the west and looks like a shower might be on its way in. For all of us that have natural curly hair, we are now blessed with lots of bouncy curls. I can feel it curling and I think a fly is in my hair. As I bring this to a close, Sonny said its sprinkling at 3:30 p.m. and its getting dark in here.
