

WHAT?? Can you believe it?? Here we are at the last week of May. Today our Church Service was done by John Gorton from Sheldon, we sincerely Thank You John for coming and sharing your humor, your great singing voice and always your kindness but most of ALL your wonderful interesting Sermons. Penny came by with her grill and we had a wonderful picnic out under our apple tree that expands like a huge canopy. By using a small amount of peppermint oil on a napkin we did not have the small bugs in our faces, we three just seemed to enjoy the nice weather and relaxed after our picnic, this is our first time together in a long time.. It was wonderful.

** A fellow has been out drinking and tries driving home drunk, he is going down the road driving crazy, swerving in and out all the way down the street.. A cop pulls him over, What's going on the cop asks? The drunk tells the cop about all the trees in the street.. The cop says," For Crying Out loud that is your pine air freshner swinging around." This is all folks and enjoy the nice weather that is coming our way. God Bless.. M.L.T.A.
