

LOIS WITH THE MONTGOMERY NEWS, JUNE 23, 2024

6/23..The Sunday Church Service was prepared and officiated but John Gorton. He arrived a little early and was going to do the service on Zoom. I have not heard the results from him yet to see if others tuned in to attend Church with us on Zoom. Our morning started off with rain showers and weather predictions are for terrible afternoon thunder showers. Just to hear that word Thunder makes me shiver, as we were having a TS this week, and a terrible bolt of lightning and the thunder sounded like an explosion, in all my years I have never been so terrified, it was horrendous, it scared the cats also they ran through the house, had no idea what the hell was going on.

6/22. There has been News on TV about the snow that Jay Peak was keeping cold covered with sawdust and straw. Saturday, the snow was uncovered and spread around on the smaller hill for people to come and snowboard, ski, and someone had a skipper which is a one seater on a nice runner. My Husband had one and as a child he used to come down the hills above where he lived on North Hill Road. It was interesting to see how people were dressed for this event as some wore ski pants, and others wore shorts and tank tops. Whatever they were comfortable in and everyone had a good time. I thank Joe Vallender for sharing this event with me, as his Family members were at Jay enjoying climbing the rocks, and other activities.

6/23..Just came home from a wonderful Birthday Party that was planned to Surprise Billy Baker as he celebrated his 80th. His Family had an amazing Party for him at the SnowShoe Pub. He was so surprised and thrilled to see so many Family members and Friends from the Community that came to celebrate with him. Billy, as most of us know has become famous for his expert skills in driving the grader to repair graveled roads, not only here in Town but other towns in Vermont. Just when he thinks he has retired, he gets a call from someone needing his help to show another person his skill in preparing a dirt road with a grader. We are all proud of YOU BILLY and wish you many more years of joy and happiness. Happy Birthday!!
