

LOIS WITH THE MONTGOMERY NEWS, JULY 7, 2019

It is a wonderful Sunday, after a stormy Saturday. The Farmer's Market was in progress when a down pour hit the Village around noon time. Then more showers kept coming in and pouring down on us. Saturday night we here in the Village had a ring side seat to all the beautiful fireworks that were displayed by our neighbors down the street. Thanks Boys..they sure were beautiful and we so enjoyed them!! The Montgomery 4<sup>th</sup> of July Parade was very nice and Thanks to all participants and the Parade Planners. This Friday night, July 12 the Annual Wine and Cheese Fundraiser will be held at Phineas Swann Bed and Breakfast starting at 6 p.m. There are posters all around Montgomery advertising the event.

David and Isabella Combs from California were recent visitors of his mother Nancy combs and sister Brenda Combs. A wonderful time was enjoyed.

7/2.. Connie McFarland invited Linda Van Gieson and Yours Truly to accompany her to Morrisville. We went shopping for a few items, I had emailed our daughter Veronica to tell her I was going to be over in her territory and we met up for a short visit, then to the Charlmont restaurant for a bite to eat. From there we went to visit Connie's sister Theresa Lamore and her brother Walter Lumbra at "The Manor" Senior Rest-home. We all had a wonderful afternoon visiting before we had to head back home, but before leaving Morrisville Connie had a few things to get at "Price Chopper" and Linda and Me found things also. It was a wonderful day to be out and we will do it again someday, Connie said.

7/3..Joe and Josie Lisarius were up from Burlington at "The Farm" on Neary Road. They invited Sonny and me, Penny and her son David Newton up for a 4<sup>th</sup> of July BBQ. Joe had slow cooked some ribs out on his homemade fire-pit. YUMMY..YUMMY..what delicious ribs we all enjoyed and Potato and Veggie salads. They told us a bear story that they watched come down in the door yard going up near the front windows. This was quite a sight for them, and even though the lower meadow is far from the main buildings they have seen bear down there also. I know we used to see bear when we lived up there. There have been several bear sightings around since they came out of hibernation. (Josie is cousin to Sonny)

7/4.. Peter and Sarah von Conta and family have been up visiting family and friends, especially his Step-Mother Cordy von Conta.

7/6..The Lanphear Family Reunion was held at Belvidere Recreation Center with all Families bringing pot-luck to share with one another; there were about 60 family members coming from near and far to celebrate, the rains might have come in on us but did not dampen our fun and good times together.

We had another tragedy this week, the death of another young man James Robitaille, the Son of Jacques R. of town, and Grandson of Rosaire and Rachel R. We send our deepest Heartfelt Sympathy to the Robitaille Families as they deal with this loss. God Bless everyone!!
