

# Lois with the Montgomery News, August 13, '23

8/13..It's Sunday and another sunny morning, been to Church and John Gorton planned and did the service with his message entitled "Focus The Heart and The Mouth." Saturday night while watching the news the ticker tape was running along the top of the TV screen letting us know about the storms that were coming into Lamoille County, and today when I received an email from Veronica they had an hour long thundershower. Some places were cancelled out, the showers did not happen.

8/13..The 500 Card Club met at the home of Carmen Scott. Carmen had several delicious snacks ready when everyone arrived at noon time, so they could each help themselves as their hungry pangs were felt during the afternoon play. As the play came to an end the high and second high was shared by Therese Begnoche and Carmen each having a score of 3135. Most horses was shared between Stacey Gregoire and Marge Cummings each having 3; low score was Kathy Ross 1190. Subs were Kathy Ross and Stacey Gregoire. Linda Van Gieson will host the September meeting at her home.

The Family of Sally Newton were here from Virginia, this week to come and go to the resting place of their Mother/grandmother in the Montgomery Village Cemetery. Sally requested at the time of her funeral no service, therefore Family members came at their convenience respecting her request.

My friend Morgan East stopped by this week to pick up a sweater of hers that Veronica had borrowed from her. I invited Morgan to come up and sit with me on the front porch so we could visit a few minutes. She knows I like wild animal stories. She told me about a mother deer coming to eat her plants in her front yard, and the Spring fawn jumps up and down near its mother which is so cute. Morgan has a cat that loves the outdoors also, another deer comes out of the woods and starts chasing the cat up the driveway and the cat was running home, it was quite a sight, She just opened the door and let the cat in..All is well.
