

LOIS WITH THE MONTGOMERY NEWS, SEPTEMBER 15, 2024

9/8..Therese Begnoche and sister Cecile Demer's met seven Landry Cousins in Sherbrooke area at Brouerie Restaurant in Sutton, Quebec for lunch. We all enjoyed delicious food and it was great seeing each other and lots of practice on our French Language.

9/10. The 500 Card Club met at the lovely home of Linda Van Gieson on West Hill. She had prepared snacks and drinks for everyone for the afternoon. Linda and Brent Godin played at the head table for half the afternoon, Brent played for Lois Lumbra who was going to play for Connie McFarland. Linda VG had high score 3050; second high was Anita Woodward 3040; most horses went to Marge Cummings (4); Nancy Martinson had low score of 1090. Linda told me it was a wonderful afternoon and everyone had fun. Sorry I missed out just had an unexpected cemetery situation.

9/14..It's Saturday morning and our mornings have been cool, and I have been out each morning to work on my side walk removing the crabgrass from the cracks, and the frontage of my sidewalk. The side walk in front of Gila's had dried grass and lots of sand-gravel mixture that I had been wanting to get cleaned up and I finally did, had one wheel-barrow full. Penny and Veronica had been texted back and forth during the week and if it was nice they were going to Lake Eden to Kayak. But being so close to the Cajun Snack Bar they invited me to come along with them. I did we had a wonderful delicious lunch and then off to Lake Eden. The clouds had been thick and causing it to be overcast, which I liked. But the girls were soon off and I was watching them go, and soon Mr. Sunshine appeared and I took off to the big shade tree. I noticed there were a couple of people at the table but would stay my distance, as I got close a lady said Hi Lois, I was so surprised..they were from Montgomery, truthfully did not know them, Joanne Dennis and her friend Ali Jackson and her son Fin. I enjoyed visiting while my girls were out trying to find the turtles again. Veronica and her friend Barbara Burns have been out Kayaking during the week. Joanne & Ali have paddle boards that they had been riding on, they sure had good balance, to stand up on those things, plus they blow up their paddle boards just as they use them at the lake. Amazing. Yes, the little ducks are interesting, their were 7 that stayed together and one walked around by itself, swam alone, but friendly. So, I had an enjoyable afternoon and also all the fresh air.

Sunday has been another hot sunny afternoon, in the coolness of the morning Penny went for a walk with her son David and his dog Bella. Then she has been cleaning up in her garden, picked her cherry tomatoes, corn, shell beans and she has more summer squash coming. We have enjoyed the fresh veggies. I got us a Chicken and biscuit dinner with fresh apple crisp for dessert. This afternoon she has been cleaning the School bus, she likes to keep busy.

Our Church service was prepared and officiated by Merle Van Gieson, his Sermon was entitled "God Is Near." He had Vivian Elbe read the Bible verses, and Sandy Bowman help with the Prayers and Concerns.

1. Why was school easier for the cave people? Why? Because there was no history to study. **2. The driver of a school bus was traveling down a street, She/He went through a stop sign, turned left on a. No/left turn, proceeded down a wrong way street. She/He didn't break any laws why?
