

11/17..What a beautiful weekend we had had at least lots of sunshine. a little coool but nice. This afternoon it has warmed up more that Saturday. Already we have had so much ice and looks like more coming for this week, according to the weather channel.

11/11.. I had rather a scary moment as I was taking m our small dog out for a break, as I opened the kitchen door and headed out on the back porch, I heard a noise like something in the fence, and there sure was a noise alright, a deer was caught and struggling in the fence and I immediately called for Sonny, it was so weird. It was a beautiful doe, and she made a hole in the fence and came tumbling head first and landed almost in the front of our car. I called my hunting neighbor Frank, and he came immediately, I tried calling the Game Warden and there was just an answering machine, so I called the State Police and he helped me out. We were given a tag number and Frank took the deer to his place as he had all the needs to hang it up and do what they do to clean it out. Frank was sure that she had broken her neck, something spooked her as she was running fast, when we checked out her tracks in the new fallen snow. Haven't we been blessed with all the new fallen snow? By the looks of the long range forecast we have more coming most every day this week.

11/14.. The 500 Card Club met at the lovely, warm and so inviting home of Debbie and Paul Chauvin. They heat with wood and it was so cozy and comfortable. Debbie had invited the ladies all for lunch and she had a delicious luncheon for us, dessert and drinks. She had her home decorated for Thanksgiving and looking out her windows with the snow softly falling on the big trees it looked like a Christmas scene. Now, we did get to play cards and only did 6 rounds, Lorraine Gillis had high score 2250; Theresa Begnoche had second high with 2160; low score went to Sue Cherrier 930; and most horses to Connie McFarland with 3. Connie McFarland will have the next card club at her home on December 10, starting at 11 a.m. She wants us to come for lunch. In the absence of Jennette Sylvester she had Sue Wilson play for her.

The *NIMBLE THIMBLE Quilting Circle*, will meet at the home of Barb Pratt, on Friday, November 22 at noon time. Barb is the newest member of the group and we thought she might prove to be a most gracious host. She has a new Bernina long arm and some of us can't sleep until we see it in action. Bring your own lunch but NOT the Storyteller's blocks. This will be a fun filled day to learn all we can from each other. We only have 11 throws and 13 Sunshine quilts. We did not reach our goal this year. For more info call Sue Peters at 326-4817, lets all come together and keep each other in stitches.
