

## LOIS WITH THE MONTGOMERY NEWS, JULY 5, 2020

What is going on around town, that I am aware of.. My neighbors three little children, Anja, Everett and Ada Libby went to visit their Dad and grandparents in Maine for a week. Marty, Alysa Vallender and son Hudson have gone to the Carolina to visit family and while they are away, Joe Vallender (Marty's Dad) comes and takes care of their pets for them. Last night the 4<sup>th</sup> of July our neighbors down the street from us, had a display of beautiful fireworks. There were several people that gathered around or in the Village Park, and there was nearly a full moon that came out to brighten the night sky with all the sparkling fireworks going on. What a beautiful evening and once the sun goes down, the night air becomes pretty cool, and our light jackets become handy and warm. This was so funny, our neighbors cat went to the park with us, and we really did not know if cats were afraid of the noise of the fireworks, WELL, it did not take long for us to find out as the very beginning of the first one being lit with that whistling noise it makes, that cat took off running so fast, all we could see was a streak of yellow going home, thankfully there was not a care coming down the street. It was so funny, and even writing about it, it has taken me a few tries to write it down to share this with you. Poor Kitty.

Gila Domina has had visits this week from her son Michael coming up from Massachusetts, accompanied by his friend Sal, and daughter Ruth and her hubby Jim Smith. Mark Kremer and his wife were up to his parents home on Vincent Bridge Road for the weekend. They came over for a short visit as we were friends of his parents for years. Mark and his sister Audrey are now owners of the place since the death of their parents. Sonny's grandparents used to own the place and Sonny stayed down to live with them during winter days for him to attend school. Mark found that very interesting.

This weekend of July 4<sup>th</sup> a decision had been made to have our family members come and put our son/brother Richard in his final resting place. We did our own Eulogy Service for him and it was just beautifully done, with Veronica writing about his life, special music, prayers, and presentation of his new Veterans flag holder and flag, doing the honors by his Father Sonny Lumbr. . Richard (Dicky) would have been very honored and proud. Veronica had picked up many of his hand made jewelry items and antiques and everyone received something to take in his memory. Yes, there were many tears, but knowing the pain that he was enduring the last few days of his life, we were all in agreement that his death was a blessing knowing that his pain had finally come to an end. God Bless!! Following the service a Family dinner was enjoyed!!

It has clouded up, cleared up today and now the sun is shining bright again and a temp of 82. We were sure we would get some rain this afternoon, maybe thundershowers tonight.
