

LOIS WITH THE MONTGOMERY NEWS, AUGUST 2, 2020

Here we are in August already. It has been a wonderful Sunday for us and I enjoyed our Church Service on Zoom with our Church Family/Friends. We are still missing a few that do not have a computer to join in with us, and Our Pastor's husband Nord Hovermann is back home after a few weeks at Red Stone Villa Rehab in St. Albans where he received excellent care, delicious meals and had such wonderful words to say about his stay there. He said everyone was awesome so friendly and helpful, and he truly thanked everyone for taking such good care of him during his recuperation. (Keep these wonderful workers in your prayers as they are all so deserving of their service to others.) God Bless!!

I had a nice chat with Connie McFarland this afternoon, and she still has not been permitted to visit her brother and sister at the Manor in Morrisville. She can talk with them on the telephone and that is a blessing, it had been since first week in March to visit them in person. Even they cannot visit each other in their rooms, only on their porch, they have to distance themselves. Her Brother Walter Lumbra recently had a Doctor's appointment and once back had to be quarantined for two weeks. I truly believe we just cannot be too careful. She and Lois Babbitt are real good friends and get out when they can, mainly to Enosburg.. Lois' grandson Eric Babbitt came and picked her up last week to bring her down to Mass. to visit with her sister Doris as everyone gets lonesome, it's bad enough just to be in a neighborhood and not able to hug one another, again discipline..keep safe. She said that she attends Church at St. Isidore's and they all have to distance themselves, wear a mask. The Church is disinfected during the week before anyone goes back in for a service.

Frank and Linda Elkins attended a scrimmage double header softball game in Georgia, Vermont where their Granddaughter Dana Elkins played on the first day of August. Dana is the daughter of Todd and Sonya, Dana attends Enosburg High School will be going into the 11th grade this Fall, she just finished her driver's training and hopes to get her license SOON, as all of this has been hard for new drivers to get an appointment during this Virus pandemic.

Happy Birthday to Charlie Carpenter, Adeline Tryhorne, and Sharon Youland 8/9; Martha Perry, Stacy Maynard, Ricky Brooks 8/10; Charles Pratt, Marley Pratt, Liam Walker 8/11; Betsy Snider, Connie McFarland, Allen Sheltra 8/12; Kate O'Neill 8/13; Therese Demar, Elena Wells 8/14.

Anniversary Wishes to: Marilyn and Micky Abell 8/11; Quentin and Susan Jones 8/12.

** Quoted.. Q. What Kind of beer do you like? A. Any kind that is open. Q. Do You ever get drunk? A.No, I don't think so. Q. When do you know when to stop? A. When I run out of beer.** A few weeks ago I asked for some great funny jokes and I received a few and now am out of them again. If anyone wants to share, that would be appreciated. Have a good week folks..been noticing on the weather channel the hurricane is coming up the coast and we might get some rain from it. M.L.T.A.
