

My special news for this week, I went out at 3 p.m. and watched parts of the Lunar Eclipse, joined by Hunter our cat. He had no idea what I was doing but when I'm outside he likes to accompany me. I went back out a little later and it was clouding up and did not see much. But at least I got to witness some of it. Then I saw other pictures on the morning news.

11/9-16.. Armand Begnoche from Boseman, Mt. has spent a week with his mother Therese Begnoche; while he was here he went deer hunting, but no luck. That seems to be the words this year, no luck, Therese said the men enjoy going up to the deer camp, its something they look forward to each year.

11/18, The Quilting Circle met at the home of Sue Peters, after a brief meeting, they wasted no time getting busy on quilt projects. Their December meeting will be a luncheon at Bernie's Restaurant in the Center. Happiness is completing the goal of 25 Sunshine Quilts for the year. These ladies are such a Blessing to so many people that receive one of these beautiful quilts, the comfort of the warmth and love that they bring to each person receiving one. God Bless each and everyone one of You for your kindness, your generosity and I Sincerely wish, You All A Happy Thanksgiving Day.

11/18. Veronica De Saint Phalle and her Friend Barbara Burns got together on this day and went out for lunch sort of celebrating their friendship and birthdays. Veronica's b/day is 11/22, and I was sure I would not be seeing her until I do not know when. She has been asking for apple fritters, so I mixed up the dough early in the morning and while she and Barbara went out for lunch, with the help from my hubby we made the apple fritters and had them cooling once the girls were back. I had to let Barbara in on my surprise for Veronica and surprised she was, when I told her that there were Apple Fritters for her and I made her favorite icing to put on them. Barbara also enjoys the fritters and took a couple home with her. I have hardly ever fried them myself, as Penny had that job when we had them at the Church Sale, usually Sonny fries our donuts here at home and does such a wonderful job, he did the frying of the fritters, Perfect!!! So we put candles in a fritter and lit them and sang Happy Birthday to Veronica, she was very pleased.

Later on this same afternoon we were expecting our nieces from Mass. area and they arrived hungry and I had made a big veggie/beef soup, and also made a loaf of homemade bread and that went well with the soup. Veronica had taken Barbara home and came back and visited with her cousins before heading home. The girls stopped in Friday morning to say goodbye on their way back home, they stayed overnight at Jay Peak and had a wonderful time, and while here, visited at the Lumbra homestead on North Hill as they said, there are lots and lots of good memories, that are very special to each one of them. (Isn't it true the city kids come to the country during the summers.)
