****NOTICE**
REGARDING MONTGOMERY'S
MUNICIPAL WASTEWATER PROJECT
*PLEASE READ***

Work is progressing on the development of a Municipal Wastewater System for both Montgomery Center and Village. As a next step, in the coming weeks a crew of two land surveyors working on behalf of the Town will perform the project land survey of both public right-of-way and private property project areas to collect information needed to complete final design of the proposed wastewater collection, conveyance, and treatment utility infrastructure project. The land survey crew members will be wearing high visibility safety vests and will carry identification and a letter from the Town describing the project work. The crew may also be working with a traffic control crew on some roads. The two-person land survey crew will be walking on private property to locate homes, flower beds, decks, garages, swimming pools, sidewalks, septic tanks, and other surface features. Residents within the proposed service area will see the two-person survey crew walking on their property and up to homes, garages and in back yards.

The Selectboard is holding a Public Meeting on THURSDAY, SEPTEMBER 1st at 6pm at the Town Hall/Grange to discuss the work and answer questions regarding the project. Property owners in the system area are strongly encouraged to attend in person, or by joining the meeting remotely via Zoom (information below, with link also available on the Municipal Website – www.montgomeryvt.us). The meeting will be recorded for later viewing by those who can not attend.

Please contact the Montgomery Selectboard with any questions or concerns at montgomeryselectboard@gmail.com, or at (802) 326-4719.

Respectfully,

The Montgomery Selectboard
