2. Municipal Emergency Operations Center (EOC)

The EOC is an organization that coordinates information, support, and response across the municipality for Incident Commanders and town officials. Its main functions are to maintain situational awareness for municipal leaders, coordinate resource and information requests, and provide public information.

Who, by position, can activate the EOC?	Selectboard Members; Emergency Operations Director or Deputy; Fire Chief
Preferred EOC Positions and Duties	
EOC Director	Supervises and directs all EOC activities coordinating municipal support and response
	Staffs phones and radio
	Tracks and answers any Requests For Information (RFI)
	Tracks and coordinates any Requests For Support (RFS)
	Produces and posts public information and press releases
Operations	Responsible for establishing and coordinating strategy and tactics (actions) for incident as set by Command.
Planning	Responsible for managing the Resources, Situation, Documentation, and Demobilization Units as well as any Technical Specialists.
Logistics	Responsible for providing facilities, services and material in support of the incident.
Finance	Accounts for all municipal related expenditures of incident.

Vermont 2-1-1 is a United Ways of Vermont system that provides 24x7x365 information and referral services in cooperation with a large number of state and local government and community based entities. 2-1-1 collects and maintains a database of local resource information and may be available to take calls from the general public to inform and instruct them in relation to emergency events, and to refer them to the appropriate response and recovery resource, if necessary.

To provide information for 2-1-1	Dial 211 or (802) 652-4636
----------------------------------	----------------------------

5. Vulnerable Populations

If necessary, the EOC may contact organizations and facilities, below, that serve vulnerable populations to identify residents who are at risk based on the emergency. If there are residents at risk or in danger, the EOC should monitor their status and if required coordinate support for them until their situation stabilizes.

CARE (Citizen Assistance Registration for Emergencies)	(Supporting PSAP)

Shelters

During some emergencies, the EOC will monitor or coordinate support for residents who are displaced due to property or infrastructure damage.

Spontaneous Sheltering

- Determine the approximate number of people who need sheltering
- Call the State EOC / Watch Officer at 800-347-0488 and request support
- Track the status of residents who need shelter until their situation stabilizes

NIMS Resolution

MUNICIPAL RESOLUTION
DESIGNATION OF THE NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS) AS THE
BASIS FOR ALL INCIDENT MANAGEMENT IN THE MUNICIPALITY OF:

MONTGOMERY, VERMONT

WHEREAS, In Homeland Security Directive (HSPD)-5, the President directed the Secretary of the Department of Homeland Security to develop and administer a National Incident Management System (NIMS), which would provide a consistent nationwide approach for Federal, State, Local and Tribal governments to work together more effectively and efficiently to prevent, prepare for, respond to, and recover from domestic incidents, regardless of cause, size or complexity; and

WHEREAS, the collective input and guidance from all Federal, State, Local and Tribal homeland security partners has been, and will continue to be, vital to the development, effective implementation and utilization of a comprehensive NIMS; and

WHEREAS, it is necessary that all Federal, State, Local, and Tribal emergency management agencies and personnel coordinate their efforts to effectively and efficiently provide the highest levels of incident management; and

WHEREAS, to facilitate the most efficient and effective incident management it is critical that Federal, State, Local, and Tribal organizations utilize standardized terminology, standardized organizational structures, uniform personnel qualification standards, uniform standards for planning, training, and exercising, comprehensive resource management, and designated incident facilities during emergencies or disasters; and

WHEREAS, the NIMS standardized procedures for managing personnel, communications, facilities and resources will improve the State's ability to utilize Federal funding to enhance Local and State agency readiness, maintain first responder safety, and streamline incident management processes; and

WHEREAS, the Incident Command System components of NIMS are already an integral part of various incident management activities throughout the State, including current emergency management training programs; and

WHEREAS, the National Commission of Terrorist Attacks (9-11 Commission) recommended adoption of a standardized Incident Command System.

NOW THEREFORE, WE THE SELECTBOARD of MONTGOMERY, VT., by the virtue of the authority vested in us by the Constitution and Laws of the State of Vermont, do hereby establish the National Incident Management System (NIMS) as the State standard for incident management.
