

LOIS WITH THE MONTGOMERY NEWS, JULY 16, 2023

7/16.. I made it to and from Church today with help from my neighbor Frank Elkins. John Gorton was with us bringing us a wonderful Church Service and message entitled "The Seed." Our organist Patrick Evans was back with us, he and his wife Sharon had planned their annual get-away for a few days in Pemequid, Maine. They plan to meet with their Family and Friends during July for a relaxing time near the beach, everyone had a wonderful time. So glad that you folks made it back safe and sound after all the flooding that went on around Vermont.

7/13-16. Patricia Carpenter has celebrated her Birthday with her Family and Friends all coming to their camp on Hill West Road. Daughter Cathie And hubby Steve have stayed on for a few extra days before going back home. Grandson Ian and wife Hannah Paradee rode their bikes from Stowe to meet up with everyone at the camp. I was thinking about old age and decided that old age is when you still have something on the ball, but you are just too tired to bounce it. Boy I can tell you that is just about the way I feel after this episode of this UTI has made me feel, think not to have any symptoms to make me believe I was going to be sick. As I type this up I am doing better because last Sunday I could not do it only with my right hand..but ended up doing it on Monday with the help from Veronica. Hope we all have a wonderful week with NO FLOODINGS. God Bless us all and M.L.T.A.
