

LOIS WITH THE MONTGOMERY NEWS, FEBRUARY 16, 2025

2/11.. The 500 Card Club met at the home of Therese Begnoche at noon time, they like to start playing ASAP. Therese had prepared snacks and drinks for the afternoon, everyone help themselves. At the end of the game, Sue Cherrier had high score 2330, second high was Stacy Gregoire 2720; low score was Denise Baker 950; high card draw for horses Connie McFarland had 3. The March meeting is scheduled to meet at Stacy Gregoire.

2/12..This is Bowling day at Lowell, Sue Peters picked me up just before noon time to head for the Center where Carol Farmer was waiting for us to arrive and ride with her. We were at Lowell a little early but gave us each time to say Hello to other players, I'm not a player but keep score. I have enjoyed doing just that as everyone is so great in helping out. It's surprising how fast it goes,there is usually 3 players to a game and there are 2 game boards up and that makes 6 players, to keep score for. It's easy for me to get distracted watching other friends nearby playing, How well are they doing?? But this is new to me and interesting..to watch others.

2/13..A storm arrived during the night time, school was called off in most places as early as this morning we had freezing rain at 5:30 until almost 9 . It is just so wild outside. That cold wind making it even worse. Our monthly dinner at the Dairy Center had several cancellations due to the storm. As I am preparing my News ahead of time..it's Thursday afternoon. And the weather forecast is for a huge storm this weekend...IT CAME, its. Sunday afternoon and still showers keep coming in and with wind helping each storm along. Our church Service was done on Zoom John Gorton planned ahead late Saturday afternoon, he wanted to keep everyone safe, as the warnings came over the TV, keep off the roads. I had not been on Zoom since the pandemic and have the new iPad, Penny said she would get me on and SHE did. The Zoom reception was very clear. Prayers Requested: John Gorton lost his brother David this past week. We all send our Sincere Sympathy to John and Family. God Bless You All. (Wishing You and Your Family Strength, Peace and Love). The Montgomery U.M.Church Family/ Friends.

PS..Saturday morning when we went to do our shopping, before the storm, as we were in Berkshire near the big farm, Penny said look at the eagle, and it was just above coming in for a landing, no one behind us we went slow to watch it land in a big tree near the river. It was so beautiful. That is the second time I have seen it.

Happy Birthday to: Railynn M. Wells, Elle St.Pierre 2/20; Eloise Starr 2/21; Barbara Burns 2/22.

Anniversary wishes to Dennis Baker and Cindy Gilchrist 2/20.

***Biden and Obama were out touring the Country side and decided to stop in at a small diner for something to eat. The waitress came to take their order, Obama ordered a omelette, Biden, turns to the waitress, smiling sweetly. Honey could I have a quickie? Mr. Biden she shouts, I thought you would be bringing a new era of decency and morality to the White House, now I see that is a lie, and she storms off. After a few minutes passed, Obama,says quietly to Biden,

It's pronounced QUICHE.. ****. I thought this would bring a laugh to you I know it did me.

Hope everyone had a Happy Valentine's Day..Love To All...Keep it going
