

LOIS WITH THE MONTGOMERY NEWS, MARCH 16, 2025

2/24-3/3.. Therese Begnoche and her Niece Lise Gates went to Jupiter, Florida to celebrate the 92nd Birthday of Cecile Demers, Sister to Therese and Mother to Lise. They stopped off on their way to visit with Lise daughter and also on their way back home. They enjoyed Florida, while there they help the family as Therese says she has to keep busy, and they went out to eat which is always wonderful as there are so many great places to enjoy. They had a wonderful time and back home safe and sound.

3/11..The 500 Card Club met at the lovely home of Stacy Gregoire, where 11 Of the players came to play. Stacy had prepared snacks for the afternoon for everyone to help themselves, she had crackers, cheese, dips, popcorn, fruit tray, candy, & cold drinks, etc..No one went without. It was a beautiful sunny afternoon with the ice and snow melting away. The ending of the afternoon is totaling up the scores Connie McFarland

Had high (3710); Brent Godin had second high (3460) and was also sub for Marge Cummings; low was Sue Peters with (620); five horses went

To Carmen Scott. The April meeting will be held at Carmen Scotts home hosted by Nancy Martinson.

3/12..This is Wednesday, at Lowell Bowling Alley. On this particular day there were several of the players absent. Just at our score

Board there were only two of the six. It went by fast, therefore we were done early, and I had a chance to roam around and watch the other

Players, which I find very interesting.

3/13..This was another day with our furnace at Church acting up, the fuel had once again run out. Once Merle came down to check out the

Problem, he immediately had his wife call the Fuel Supplier to come and bring fuel and get the furnace started. We left the Church door

Unlocked so they could go in at their convenience. I was going out with the ladies for our monthly dinner at the Dairy Center, I see the truck

Coming into town as I was leaving. SOO, when I returned I went down to check it out..the furnace was still not working, so I came back home,

Looked down by the Church and the repairman was there to start the furnace, as a Trustee to the Church I went down and was there while he

Got the furnace going. I came home, did not lock the door, as Merle was going to come by and check things out before going home. I was going

To call them on their cell phone to let them know it was going, Had the wrong cell phone number, so I tried their home and they were already

Home, Merle had stopped earlier and it had been filled with fuel, but the repairman had not come by yet. SOO, knowing that Merle had been there,

I had witnessed it being started, I called to let Merle know the furnace was working. Yes, I went back down to lock the door.

3/14..I was invited by my Friends Doris W and Lois Babbitt and they invited Connie McFarland to accompany them to St. Albans, Lois had to have

An oil change in her car, while there they recommended to get it inspected, Lois agreed, to get it done. Then from there we did a little shopping at

Walmarts before heading home. But as we were going out on the Bushey Road, Lois mentioned lets try eating at the place called "MOTHER

HUBBARDS". There is always a crowd around there, we were thrilled with our food, as it is made right there,

we will definitely go again. 3/15..

I will continue here with my Saturday afternoon visit from my two. Nieces Barbara Tremblay and Marlene Corse, their first visit here at my home,

It was not hard to find as they were looking for the bus in my yard, they just had an idea of where I lived. We had a wonderful time, reliving

Memories of our growing up days in Fletcher.

3/16..It's Sunday..woke up to a warm temp of 48 and 'this afternoon it's in the 60's. I have not been out for a walk, as it's quite breezy out there.

John Gorton came prepared to officiate our Church Service, sermon entitled "Rightousness Requires Belief." Once our service is completed

We like to gather and visit with our congregation and Thank John for his service. It was great to see Richard and Diane McAllister back at Church

As Richard had fallen on the ice recently and was very uncomfortable to get around, rest was his best medicine. There have been several falls

This winter, not all on ice either.

Happy Birthday to: Allen Baker 3/26; Darren Drevik, HUDSON VALLENDER 3/27.

***Good ole repeats...1. I started with nothing and I still have most of it. 2. My wild oats has turned into prunes and all bran..3. This is new...Why

Do cats always get what they want? They are so Purr-suasive. ***. You should see Benny here getting my attention as its a little after 4 and he

Wants me (his Grammy) to go out and feed him. They know when its time..So cute..they are big healthy kitty-cats. Signing off here and hope

Everyone has had a wonderful week..doing what makes you happy. Love to all..
