Last Sunday night we had a Thunder shower come in with lots of lightning and that stayed around for a loooooonng time, it finally left town but could continue to hear the thunder in the distance. The kitty-cats did not like that loud thunder. They have no idea what that is all about, much different than the trucks loud noise or motorcycles. P.S. It predicts T Showers for us later this afternoon also.

The United Methodist Church has had a Chair Lift installed recently, but cannot use it yet, until the State Inspector comes to approve the workmanship. He had to put off coming here as he was on vacation. John Mercy and Son have been working on our heating systems, the Heat Pump stopped working during the winter months, Our propane furnace is getting old and needed some new parts to keep going this winter. John M said we should be all set. He has been busy busy and needs a much needed vacation NOW. Go for it John..you deserve it!!!

Saturday..a picture perfect day for the Farmer's Market and there were lots of people in town today. Our neighbors across the street Marty and Alysa Vallender have been having a yard sale the past few weeks, and people love lawn and garage sales. Also Marty and Alysa have had family members here visiting, Marty's Mother, his Brother Eric & Family. Marty and Family will be leaving town soon to their new place of work. They will be missed here in town and WE wish them well in their new environment.

July 20, Our Church service was prepared and officiated by John Gorton. His sermon was entitled "Be Not Distracted." Psalms 52 read by Patrick Evans, Scripture readings by Will Moses, Lois L. and John G. John has had Hymn 472 as our ending Hymn "Near To The Heart of God" which is a lovely ending to our service each Sunday. God Bless and have a lovely Week.

A wife goes to the police station with her neighbor to report her husband missing. The policeman asks for a description. She said he is 6 ft.4, has dark hair and eyes, athletic build, weighs about 185, soft spoken, a good father to his children. The neighbor protests..your husband is 5 ft.8, chubby build, he is bald, has a loud moth and scares the children half to death when he yells.The wife replies, Yes but who would want him back. *
