

LOIS WITH THE MONTGOMERY NEWS, SEPTEMBER 21, 2025

9/15..Parma Jewett prepared a ChickenNBiscuit dinner for the Montgomery Seniors and a blueberry sauce for the white cake topping dessert. The usual seniors were present for the meal. We are always Thankful for the wonderful dinner and all the Volunteers that come and help serve and clean up after.

Over this past weekend Doris Williams was up from Massachusetts, accompanied by a Nephew Eric, stayed over night with Lois Babbitt sister of Doris'...while here they did several little jobs to help Lois out. Lois was very pleased by having the wood box filled for her and other jobs also. Doris filled her vehicles with things she had left behind as she needed things for her new apartment..which she enjoys very much and has nice new friendly neighbors.

9/16..Lois Babbitt picked up Connie McFarland in the afternoon and then Lois Lumbr, they went to Enosburg, made an exchange at Ace Hardware, went for our favorite Creemee, shopped at Hannafords and returned home. It was a beautiful warm sunny afternoon. As most of our afternoons are..I enjoy going out on my porch at 2 pm, shut the TV off and do word search and enjoy the fresh air, and a visit from friends.

This week daughter Veronica had planned on coming over Saturday, she was bringing some of her beautiful Art Work that she has on hand, she has All Occasion Cards, and large painted pictures of her own creation. She left Cards at Lil Crafty Shop in Montgomery Center and Melissa Haberman has asked for Art Paintings during the October Art Event. Then she had planned to go to the Cajun Snack Bar in Lowell to celebrate a little early her Sister Pennys' Birthday that comes up this week 9/25, also enjoying the day with us was Sue Peter's, and Mom Lois Lumbr. Lois had got up early and made apple pie for dessert when we returned home. Lois got vanilla ice cream from Stewarts store that once was Jolley's. They have added several new items of the Stewarts name. It was another gorgeous day and we missed being with Niece Samantha Royer and her Son Jayden..My Great Grandson..They had gone to Mass. to visit his Brother Shane and to Castleton University to visit his Sister Natalie before departing Vermont, he is heading to Japan for four years, Serving the Air Force Military. WE Wish Him Well As He Is Doing Well.

9/21.No frost here in the Village yet, John Gorton said they had some frosty grounds there in Sheldon. He came prepared to do our Morning Service, entitled his sermon "Call Upon The Lord." The Church was cozy warm as John Mercy has the heat pump repaired and working great...no chill in the air, only outside. My Kitty Hunter went down to Church with me this morning..only came in for

a minute..Our Organist  Patrick likes cats but Hunter went home..and greets me when I come home. Such a good Boy!!!
