

LOIS WITH THE MONTGOMERY NEWS, FEB. 8, 2026

Good Evening Folks...I am getting a late start on my News, I have been visiting at the Hospital today, meeting and loving my New Great Granddaughter Skylar Ann Newton, she has changed many people here in town this little 6 pound angel. David Newton has become a Daddy, Destiny a Mommy, Penny a Grammy, John Newton a Grandfather. She was born Saturday morning at 2:09 a.m. She is just a little bundle of Love and Joy. It's so amazing, holding her and watching all the cute little faces she was making and stretching. Just cannot express the Love and Joy this young family is feeling at this time..

Sunday, it was 9 below zero this morning, I had talked with John Gorton Saturday night, if it were 20 below perhaps Church would be cancelled. I went down at 5:45 to make sure the Church was warm and it was very comfortable. I came back home called John and he had planned the Sunday Service, entitled his Service "Righteousness," He came and officiated the service. I excused myself during the Joys and Concerns, was Congratulated and hugged as I was leaving as, We had planned to leave just about 10 o'clock to go to the hospital in Burlington. We arrived down there a little after 11, and was leaving for home at 3:20. Just as we were leaving David & Destiny received word she might be going home on Monday instead of Wednesday. That certainly was good News..as there is nothing like being at home to recuperate.

Well I guess the Groundhog see his shadow, if he made up through the snowbanks here in Montgomery as the sun was shining all day long. Penny has been feeding the birds right here on the front porch,,and this morning there are deer track right up near the porch where she feeds the birds, and for a few mornings they had nibbled on my plant by the roadside. I have seen many deer in the fields in Berkshire lately, they were in the fields where the grass is cut, Don't they eat the tops of the corn stalks? Seems like they would get some good nourishment.

Sue Peters picked me up Wednesday to go with her and the ladies to Lowell, Elsie drove this week, and sue, Patti Perl and Carol Farmer rode with her. It was an enjoyable afternoon, the Turkeys had another person playing for the Road Runners play by himself as his partners were on a vacation in Aruba or something like that. 2/5/26 late in the afternoon all the excitement started here after 4 p.m. as Destiny was in labor..went to St.Albans hospital, got checked out and was taken by Ambulance to the Hospital in Burlington. David was anxious after 3 hours of labor hoping to have his Baby Girl in his arms, but the hours went by from Thursday -Saturday Morning and then decided to do a C-Section. Finally Skylar was born and everyone's nerves calmed down.
