

LOIS WITH THE MONTGOMERY NEWS, FEBRUARY 22, '26

I decided to come on my iPad this afternoon and start my News column. It's a beautiful sunny day here in Montgomery. I went down and shoveled out the church sidewalk, and as I was leaving the sun was shining right on the sidewalk drying it out. I would say we got about 4 inches here and the sunshine has settled it right down. The trees were all full of new snow looked like a winter wonderland this morning..spectacular beauty. There has been a light wind bringing the snow out of the trees and off the power lines. On 2/26 I had kept notes, it was a beautiful sunny day and the snow was sliding off the roofs and the snow banks went down...Someone up above must have known we were in for another storm and it came, filling the banks right back up.

2/17..We had planned on Veronica to come over and meet her new Grand Niece Skylar Newton, but David and Destiny had made plans to go to her parents here in Vermont. We have plans for this week with Veronica and her granddaughter Natalie. The schools are off now until March 3. Grammy Penny is enjoying her new role and loving every minute she spends with Skylar. She is a precious little angel. 2/28..Sue Peters and I left a little early to get a bite to eat at Stewarts Deli, and then off to the Center where we picked up Elsie and Carole. The Turkeys were a full team of three and the Baileys were a team of two of the three, one was unable to play today but watched as others played. It was a fun afternoon lots of laughter and enjoyment...

Shortly after being back home, my phone was ringing and answered the call, it was from Vivian Elbe, for the Prayer Chain Request for Lynda Cluba, she had fallen on some ice where she was leaving her dogs off. Luckily a friend Parma Jewett was near by to help her, the ambulance was called to transport her. Linda had broken her femur bone close by her knee, and had surgery on Friday, she might be home Monday if all goes well. She has her family close by and will be around to help her. Such a terrible tragedy..and We, her Neighbors and Friends all wish her a speedy recovery, our Prayers and our Love to comfort Her.

2/22..Our Church service was held today with John Gorton preparing the Service and Officiating, his Sermon entitled "Mercy In The Wilderness." This was our second Sunday of Lent. John had an Ash Wednesday service during the week, and people from our Church were welcomed to come. During our Joy and Concerns. Lynda Cluba's name was mentioned and she had a very serious break to the femur bone and a 5 hour operation was done on Friday 2/20. That's the latest at this time. Monday if she is still there at the hospital I will check in on her, as I plan to be in the area.
