

LOIS WITH THE MONTGOMERY NEWS, JULY 12, 2026

Hello..to all you precious people that keep me going and you are all still enjoying the News or is it the Jokes? Either way I enjoy doing it, but it seems each week, I meet up with someone that used to get the County Courier paper, and they ask me what happened. Truthfully I do not know, I have just kept writing like always and share with my Family, Friends and Community that have an email address and I can just keep writing and sending it to them.

Therese Begnoche and her Niece Lise Gates left for Florida earlier in the week just a short trip maybe to celebrate Therese Birthday on the 8th. They returned on the 9th.. Once home I have talked with Therese, and she and Lise had a wonderful time and Therese was taken out for delicious Chinese food to celebrate her Birthday. Then Friday Night she went to the Restaurant Mohawk in Richford where a celebration of her Richford High School graduation in 1954 was held. Again I called her and I said that is 72 years ago, She said I know I was 19 years old when I graduated. What a Blessing this Lady is, she stays well and works hard and always helpful to others. Congratulations Therese!

7/9..Today was the monthly Dinner at the Dairy Center, Kindness of Billy and Denise Baker they picked up Connie McFarland and Me to accompany them, Billy said he had a load of Senior Citizens to bring to the Dinner. The place was nearly full of Senior Citizens coming to enjoy a healthy dinner. The music starts playing at 11 a.m. for our enjoyment and many like to dance. I just enjoy listening to them older Country songs I was used to growing up. When Sonny and were dating and going to "Hillside" The Parent Band did those kind of songs. Were they Parent Rambling band? There used to be a Band with Rambling attached to it. ??

My Nieces Barbara Tremblay and Marlene Corse from Highgate area come and join us just the two this month and other times there are five that come, very nice time. I have been looking for the Allen couple from Bakersfield to join with us, we met two month ago at the Dairy Center Dinner, and one word lead to another and in talking we were related, they knew most people we knew around Fletcher, Jeffersonville area. It was amazing. We are in hopes of coming together again.

Tuesday, Elsie came by to pick me up to come with her and Carol to the Bowling Alley in Lowell. We had the "Road Runner" trio playing along side of us this week. A young fellow was playing in the absence of Sue Peters, name was Mike, very good player at that. Sue went to visit her daughter, Ann in Ohio. Sue called me Friday to say Hi and that she was having a good time and will be back this weekend. She had a wonderful visit, especially her Great Granddaughters were so much fun. Sue got back home Saturday night. We will be seeing each other.

Saturday, a beautiful gorgeous day to welcome the second Farmer's Market of the season. I went down to see if anyone had brought in peas, I am eager to get some fresh pea pods..as I just love

them. I was going to plant some but never found the seeds. But I hear they have them at Hartmans. Hopefully I will get some this week.

Sunday morning woke up to another cool beginning of a new day. John Gorton came with a prepared service for us in attendance, entitled his sermon "Sewing Seeds." John had a good report from his MRI and that was great News for us all to hear. He will have to be monitored often to keep him healthy. John is a very busy fellow, keeps busy at his farm, with the growing Food Shelf there in Sheldon that has kept him busy serving others. He has no time to slow down and helps with preparing the Church Services here in Montgomery and Highgate and Sheldon. Thanks so very much John for all You do for others...God Bless You and Yours.

Happy Birthday to: Scott Perry 7/19; Cyndee McGovern 7/20; Elliot Cluba, Annie Crowley 7/21; Gary Lumbra 7/22; Kelly Lagasse, Joe Vallender 7/25.

Anniversary Wishes to: Allen and Michelle Cennamo 7/20; Robbie and Nikki Gendron 7/23.

***Here is a few old jokes that were sent to me.. 1. Why should you stand on your left foot during New Year's count down? So you can start on the right foot. 2. Why do birds fly south for the New Year? Because to far to walk. 3. What food should you avoid on New Year's? Fire crackers. 4. What's a spider's New Year's resolution? To spend less time on the web. ***Happy New Day ! I was just getting started on my News when I had an urgent call I had to go and take care of, so I might be a little late...LOVE TO ALL!
